

Hard-Surfacing Of Pincher-Crows Nest Number 3 Highway Not Likely In 1946

"Maintenance Only" Said to be
Planned; Certain Sections of
Road to be Re-Surveyed.

Coleman's newly organized Board
of Trade is already dividing its at-
tention into many channels. Wed-
nesday noon secretary Joe D'Appolonia
had a conversation with Mr.
E. O. Duke, MLA, and who had
just returned from the recently
concluded provincial session.

The talk revealed that the Pin-
cher-Crows' Nest No. 3 highway is
not planned to be hardsurfaced this
year and that only maintenance
work is scheduled for the road. Mr.
Duke is reported to have stated
that only the main highways that

are in dire need of surfacing are
to be done this summer.

From Pincher Creek comes the
information that sections of the
road are to be resurveyed and that
it would not be in the best interests
of the road to surface it this
year.

Mr. Duke was present at the
Pincher Creek Board of Trade
meeting on Wednesday afternoon
when the subject of the Pincher
Creek-Waterton road was discussed.
He has signified his willingness
to meet the Coleman Board of
Trade at an early date to discuss
the No. 3 highway. Plans are now
under way to have the executive
meet him.

JESSE HIRST HOME

Jesse Hirst, seriously wounded in
action overseas and since his ar-
rival in Calgary has been a patient
in the Belcher hospital, came home
last week to spend some time with
his wife, young daughter and other
relatives. This is Jesse's first trip
home following several long years
overseas and his many friends bid
him "Welcome home." Following a
holiday here, he will return to the
Belcher for further medical treat-
ment.

CORRECTION

In the March 21 edition of The
Journal a statement is alleged to
have been made in a school board
report that the doctor had stated
itch (scabies) was not contagious.

This statement was never made
by me. Scabies is "DECIDEDLY"
a contagious disease and reinfections
are common due to lack of
cleanliness and proper attention
paid to laundry, etc.

E. J. LIESEMER, M.D.

Rehabilitation Resolution Receiving Favorable Response From Ottawa

Additional Copies Asked By Mr. W. A. Tucker;
Cabinet Ministers Ian McKenzie And Humphrey
Mitchel Acknowledge Resolution.

Pass Rehabilitation officials, as-
signed to present a resolution re-
specting Labor and Housing Con-
dition in the Crows' Nest Pass dis-
trict of Alberta and British Colum-
bia and its relationship to the Re-
turned Veterans to Mr. W. A.
Tucker, chairman, Parliamentary
Committee on Veterans' Affairs,
Ottawa, are hopeful that the re-
solution might attain a goodly
measure of success judging from
the very favorable reply received
from Mr. Tucker and from two
cabinet ministers, Hon. Humphrey
Mitchell, Minister of Labor, and
Hon. Ian McKenzie, Minister of
Veterans' Affairs, and also from
Mr. Gordon Murchison, Director
of the Veterans' Land Act, who also
received copies of the resolution.

It was most gratifying to the
Pass committee that replies were
received in every case from those
to whom the resolution was sent.
Mr. Tucker stated in part that
"I can assure you that the problem
you deal with is receiving active

consideration. Your brief contains
a constructive suggestion in the
matter. Please forward me sixty
additional copies in order that I
might distribute them to all mem-
bers of the committee."

Comment was also made by
Ottawa on the attractive manner in
which the resolution had been pre-
sented. The resolution was printed
and cover four pages measuring
8½x11. On the front page is a cut
of the Crows' Nest Lake with
Crows' Nest Mountain in the back-
ground and served to give Ottawa
a very good idea of the topography
of the land in the district under dis-
cussion.

The resolution has been endorsed
by the Bellevue Canadian Legion
branch who have sent copies of it to
their provincial and Dominion com-
mands for endorsement by those im-
portant bodies.

Copies have also been sent to the
west end of the district, Fernie,
where it will be sent to government
departments and other officials in
British Columbia.

Jim Kellock And Tom Flynn Honored By Fellow Workmen

Banquet Held Saturday
Evening; Presented With
Pen-and-Pencil Sets.

Two International officials were
honored by their fellow workmen
on Saturday evening at the Grand
Union, where a banquet was served.
The two honored guests were Jim
Kellock and Tom Flynn.

Mr. Kellock, who joined the company
on Sept. 30, 1940, and rose to the
position of mine manager, had severed
his connection with the
company and left the following day
with Mrs. Kellock for Edmonton.
He was presented by general man-
ager J. J. McIntyre with a pen-
and-pencil set, the presentation be-
ing made on behalf of the International
officials.

Mr. Flynn was honored by his
fellow workers on marking 23 years
as a fireboss in the company's em-
ploy. Tom, as he is known to all,
entered the employ of International
on August 28, 1922, and almost to
the day, August 29, 1945, he put
aside his duties as a fireboss. On
behalf of the gathering Jim Moore
presented the honored guest with a
handsome pen-and-pencil set.

Both Messrs. Kellock and Flynn
expressed thanks for their gifts and
remarked on their pleasant associ-
ations with those present over the
past years.

CARD OF THANKS

I take this opportunity of ex-
pressing my sincere thanks to the
hostesses who sponsored a miscel-
laneous shower in my honor and to
all those ladies who supported it.
The gifts received are deeply ap-
preciated.—Miss Hazel Davis.

REPORTS FIRST CROCUSES

Bill Liddell, assistant forest
ranger, was busy cleaning up the
grounds around his residence, last
Thursday when he spied a small
cluster of crocuses. These are the
first crocuses reported this year
and gives another reminder that
spring is here despite the fact that
we have experienced snow twice
during the past week.

Charles Davis Died In Calgary Tuesday, March 26

Had Been Injured In A Swim-
ming Accident Almost Three
Years Ago.

The death occurred in a Calgary
hospital on Tuesday, March 26, of
Charles Lenin Davis, 22, eldest son
of Mr. and Mrs. Henry C. Davis, of
Calgary and formerly of Lundbreck.

Deceased, prior to his accident,
had come to Coleman where he had
secured employment. He had only
been here several months when he
suffered the accident which proved
fatal last week. He, along with
several pals, had been enjoying
swimming during a hot summer
day at the west Coleman swim-
ming hole in the Old Man river. He
had been swimming for some little
time and then decided to try a little
diving.

In his dive his head apparently
hit a rock and the weight of his
body brought severe pressure to
bear on his neck resulting in a
fractured neck.

He lay in the local hospital for
about three weeks before being
taken to Calgary where he had re-
mained a hospital patient up until
the time of death.

He is survived by his parents,
three sisters and three brothers.
The funeral took place at Cal-
gary.

Board Of Trade Officers

Secretary Joe D'Appolonia

An executive meeting of the
Coleman Board of Trade was held
at the week end.

The executive acted upon the au-
thority granted it by the organiza-
tion meeting on Tuesday evening
of last week and appointed a se-
cretary. The vitally important po-
sition has been filled by Joe D'Ap-
polonia, young and energetic build-
ing contractor who has grown up
with the town and knows intimately
the many improvements that can
be made in the community.

The executive also increased its
personnel. Those added include
Nick Nicholas; Mack Stigler or other
union member who may be re-
commended by Mr. Stigler to act in
the union's behalf; George Evans,
to represent the school board; L.
S. Richards, J. M. Chalmers, A.
Toppo and bank manager F. R.
Duncanson.

A Balloch was appointed to take
charge of Board of Trade publicity.

Mr. P. E. Dickson was ap-
pointed to represent the B. of T. at
the Flying Club meeting held on Mon-
day evening and to express to the
meeting the Board's approval in
this proposed venture.

NEW MONARCH AND MERCURY CARS EXPECTED HERE NEXT WEEK

Leo, Shannon, of Sentinel Motors,
informs The Journal that he ex-
pects the 1946 Monarch on display
in his garage next week. The car is
the newest model made by Ford
Company.

Doug. Moores and Vic. Lylia also
inform The Journal that the 1946
Mercury will be on display at their
Coleman Motors display room some
time next week. Messrs. Moores and
Lylia had originally the Hudson
agency, but have since dropped that
agency in favor of the Mercury
agency.

Jim Wilkie, of White Rose Ser-
vice Station and Garage, has had
many motorists in to inspect that
handsome Studebaker, Champion.

A new ruling went into effect last
week which gives the dealer au-
thority to sell to any car purchaser
provided that all priority permit
holders have first been satisfied.

President Horace Allen

Mr. J. Holyk was authorized to
gather material on the organization
and operation of a Credit Bureau
and to report his findings at a fu-
ture Board meeting.

A general meeting of Board of
Trade members will be held in the
Grand Union hotel on Friday, April
12, at 6:30 p.m., and it will take
the form of a supper meeting.

Business agenda for this particu-
lar meeting is:

1. Discuss membership and fees.
2. Question of a night operator at the CPR.
3. Dentist.
4. Credit Bureau.
5. Lions' Wading Pool.

President, Allen specifically asks
that all persons interested in the
Board of Trade please attend the
Friday meeting. It has not been
possible at the present time to se-
cure a list of names and it is quite
possible some might be missed with
an invitation. All that is asked of
those planning to attend is to notify
Mr. Allen or Mr. Richards of their
intention on or before Tuesday
noon, April 10, in order that proper
supper arrangements might be
made.

FILMS SHOWN AT FISH AND GAME MEETING

Last Friday evening a large num-
ber of Coleman Fish & Game As-
sociation members gathered in the
Grand Union hotel to witness about
two hours of film shown by Mr.
Earle C. McInnes, of Natal.

In addition addresses were given
by president Percy Knowles and Mr.
Andy Dow, the latter speaking on
the recent Fish & Game convention
held at Lethbridge.

Secretary Jim Kerr states that
a really important meeting is
scheduled later in the month. He
has the provincial president and
secretary coming to visit the local
Association and they are bringing
along colored film which was re-
cently shown the MLA's at Edmon-
ton. Date and time of the two dis-
tinguished visitors' arrival will be
announced next week.

Advertising acts as a tonic to

Temporary Flying Club Committee Set Up

To Secure All Possible Informa-
tion Before Setting Up a Pass
Flying Club; D. F. McTavish
Addressed Monday's Meeting.

On Monday evening in the Grand
Union, D. Franz McTavish, pro-
prietary of the Chinook Flying Ser-
vice, Calgary, addressed a meeting
of persons interested in organizing
a Flying Club in Coleman. J. At-
lan Jr. was chairman.

Mr. McTavish did not give any
flowery speech, but kept his re-
marks on down-to-earth facts. He
told his listeners it would cost them
approximately \$150 each to learn to
fly.

He listed three systems on which
a Pass club could operate:

1. Let the Chinook Flying Ser-
vice operate the club on either a
one or two days per week basis.
2. The club to buy its own air-
craft, employ its own instructor and
engineer and arrange its own flying
schedule.
3. Become a branch of the Cal-
gary Aero Club.

Mr. McTavish favored the club
the club buying its own equipment

and operating its own training
schedule.

Should his Service take over the
club he would have to be guaran-
teed two days per week with a
minimum of 10 hours flying time.
He quoted rates of \$14 per hour
for eight hours instructional course
and \$10 per hour for four hours
solo.

He estimated that it would re-
quire about \$3,500 to start the club
on the basis of owning its own
equipment. The plane he estimated
at \$1,500, insurance \$180, incorpo-
rate the club \$200, hangar \$1,000,
organization and administration at
\$500. Over and above that would
be numerous miscellaneous ex-
penses. He estimated that should
the club operate on its own, mem-
bers would be able to fly on a \$10
per hour basis.

After hearing Mr. McTavish, it
was moved that J. Allan Jr. be
chosen as temporary chairman,
with Wilber Cox as secretary and
P. E. Dickson and John Sefalik,
the latter of Blairmore, as tempo-
rary officers, and it would be their
duty to gather all data available
on the cost of operating a flying
club and when the information had
been secured a meeting of Pass
flying enthusiasts was to be called.

Tenders Wanted

TOWN'S OLD FIRE TRUCK

Tenders will be received by the Council of the
Town of Coleman on the Fire Truck which has
been in use in recent years and which last week
was replaced by the new fire truck. Truck has a
buick engine and still possesses the wooden plat-
form used for carrying fire hose.

The highest or any tender may not necessarily
be accepted.

Tenders are to be in the Town Office on or before
Saturday Noon, April 6th.

G. LEES, Secretary.

April 6, Deadline for Dog Licenses

Owners of dogs within the Town of Coleman are
hereby given warning that should they not have
secured their 1946 Dog License by SATURDAY,
APRIL 6th, their dogs are liable to be destroyed
without further notice.

W. ANTLE, Chief of Police.

Forestation In The West

CANADA'S FORESTS CONSTITUTE one of her most valuable natural resources and are the basis for her largest industry, the production of pulp and paper. Forested areas in the Dominion are estimated to be some 1,220,400 square miles, or about thirty-five per cent. of the total land area. Within the boundaries of the nine provinces, there are 1,160,465 square miles of forest. This figure represents fifty-eight per cent. of the total land area of the provinces. These forests are valuable not only for their commercial and domestic uses, including the production of pulp and paper, lumber and fuel, but they play an important part in soil and water conservation, and in providing a habitat for fur-bearing and game animals. The greater part of the forest areas are located in the Eastern Provinces and in British Columbia. Statistics show that there are 168,752 million cubic feet of standing timber in the five Eastern Provinces, 15,828 in British Columbia, and only 24,577 in the three Prairie Provinces.

Would Help To Solve Problems

It has long been known that the planting of trees in the farming districts of the West would help to solve problems associated with soil and moisture conservation and wind damage. In a number of districts extensive programmes of tree and shrub planting have been undertaken, usually with very satisfactory results, and Dominion Forestry Stations at various points in the Prairie Provinces have played a very important part in encouraging and promoting this work. The planting of trees and shrubs has also been included in the work of the P.F.R.A. in Saskatchewan. Recently, briefs were presented to the Saskatchewan Forestry Commission at Saskatoon by interested individuals and organizations, and these contained information concerning the value of this work in Prairie farming districts.

Value Shown By Experience

It was pointed out that there is a shortage of men trained to deal with problems relating to tree culture and that there is a real need for the setting up of a school of forestry in one of the Western provinces. There is likewise need for increased facilities for research in cultural practices, disease control, soil, and other subjects connected with the growing of trees. Experience has shown that trees can be successfully grown on the Prairies, and that they are of considerable value in holding snow cover, for reducing soil drifting and weed dissemination, as wind-breaks, and conservation of moisture. In addition they add much to the appearance of any farm or community. In some parts of the West trees have been planted along the highways with very satisfactory results, and it has been suggested that this practice should be more widely followed. It is to be hoped that those who are giving their interest and encouragement to this work will meet with success in their undertaking.

BRIDE PROTECTED

It was once the custom in India and in Egypt to have the bride and her friends at the wedding dressed in the same way. This was done so that evil spirits would not know which one was the bride and so single her out for an attack.

Character Counts

Two Words Formed Foundation Of English Merchant's Fortune

Cut deep in an oak plank on the wall of a London brokerage office were two words which formed the foundation of a great fortune and an illustrious career, the career of the English merchant and reformer, Richard Cobden. When Richard Cobden started out in his personal practice consisted of little more than a haberdashery and a firm usually integrity. Shortly after he had become the London agent of a large Manchester print mill, he wrote to his employers and said: "Why do you entrust me with forty thousand pounds of unsecured credit when you know I am not worth a thousand pound?" To which his employers replied: "Mr. Cobden, we consider the moral risk more than we do the financial one. With us character counts." The next day Cobden hung over his desk an oak plank on which had been carved: "Character Counts."

WOULD BE LIMIT

They were discussing a certain undefeatable and irrepressible politician.

"Well," summed up the smug-looking philosopher, "I'll tell you this about him. He might have typhoid and recover; he might have pneumonia and recover; he might have cerebral meningitis and recover; he might have yellow fever and recover; but if he ever had lockjaw, by gad, sir, he'd burst."

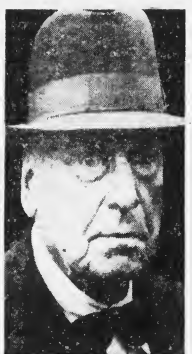

MORE LINEN SOON

A big increase of linen exports to the United States and Canada is expected to follow the government's release of 3,500,000 yards of airplane linen worth \$1,000,000 (\$4,500,000) to Northern Ireland manufacturers. All the allocation is to be devoted to the export trade.

BENDING THE BEAM

British Scientists Made Things Confusing For German Raiders

Not the least wonderful achievement of Britain's "back room boys" during the war was concerned with the radio navigation beam used by the Luftwaffe when raiding Britain. Britain's indefatigable scientists devoted themselves to an endeavor to bend that beam, and actually succeeded. On a much more majestic scale it was a repetition of the British War's well-known front-line trick whereby trench raiders were led astray by moving the guiding strings pegged out in No Man's Land. As the result of this achievement, though sedulously following their navigation beam, not knowing the British were deflecting it, German aircraft bombed Dublin in 1941. Mr. de Valera energetically protested to Berlin against this glaring intrusion on Eire's neutrality, and, absolutely unmolested, the Germans made a handsome apology, blaming the regrettable mistake on the vagaries of the wind. The German navigation beam was known in select R.A.F. circles by the code word "Headsache," and naturally they called the bending device, which was quickly developed, "Aspirin," reports a London correspondent of the Ottawa Journal. All three of Britain's fighting services kept their saving sense of humor for the duration.

OPENS NEW STORK DERBY—Thomas Foster, former mayor of Toronto, Ont., whose \$1,088,555 will has been probated. The will bequeathed a trust fund of \$600,000 to the University of Toronto to be used in cancer research work. Under terms of the will a \$100,000 fund is to be set aside for a stork derby in Toronto, Ont. The intended will provide for the staff of the race and keep on living in the city for duration of the race.

It started on the date of "Honest Tom's" death—Dec. 11, 1945. The second period starts three years from Dec. 11, 1948; the third, six years hence and the fourth, nine years hence. Contesting mothers must have resided in Toronto for a year before the start of the race and keep on living in the city for duration of the race.

Price Control And Rationing Information

Q—Could you please tell me how much sugar is required to supply all the provinces in Canada when a coupon is declared valid?

A—When our coupon is declared valid for the purchase of sugar, twelve million pounds of sugar are needed to meet the demands of all coupon holders in Canada.

Q—I understand a price has been fixed on the sale of dressed poultry direct to restaurants. Can you tell me how to arrive at this price?

A—All persons who sell dressed poultry direct to public eating places may charge in these sales a maximum of two cents per pound above the wholesale ceiling price.

Q—I would like a price list of maple sugar and maple syrup. Could you supply me with these prices?

A—Here are prices of maple syrup: Canada Fancy Grade \$3.40 per gallon; Canada Light Grade \$3.15 per gallon; Canada Medium Grade \$2.90 per gallon; Canada Dark Grade \$2.65 per gallon; Ungraded \$2.40 per gallon. These prices are the ceiling on sales between the producer and the consumer and are less transportation charges from the producer to your address. This means if there is any transportation charge, such as freight or express, you have to pay it. Ceiling price for "farmer's run" bulk maple sugar is 22 cents per pound. Ceiling price on one-half, one, two or three pound blocks is 35 cents per pound.

Please send your questions or your request for the pamphlet "Consumer's News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

Here To Stay

Rationing Will Continue Until Food Situation Eases Up

O. R. Rodmar, Montreal, administrator of rationing, prices board, said in an interview at Winnipeg that as long as there is no sign of an easing of the food situation in Europe, rationing in Canada under its present system will remain. He said he expected further rationing would continue until August, 1947, meat rationing until July, 1947, and sugar rationing until sometime in 1948.

Some butterflies' wings are shingled with more than a million scales.

Classy Boarding House Is To Be Opened In London

A genuine dual boarding house is the latest addition to London's many two numerous post-war amenities. The seventh Duke of Leinster proposes to run this establishment at his London house, 89 Hamilton Terrace, St. John's Wood, Brompton. The Duke's own apartment—being on the ground floor facing the street. The house has been empty during the war, but decorations are now being getting it ready for occupation by the end of this month. The Duke is 52, has been twice married. His is the premier dukedom of Ireland, and he was a lieutenant in the Irish Guards, the Argyll and Sutherland Highlanders, and 8th West Riding Regiment. He served in the First World War, and was wounded in 1917. He succeeded his brother in the title in 1922, and his heir is the Marquis of Kildare.

Situation Appalling

Thousands Of Children All Over Europe Suffer From Tuberculosis

Conditions among European children were described as "nothing short of appalling" by Dr. George Thelin, general secretary of the Save The Children International Union, Geneva, on his arrival in Ottawa.

In some parts of Poland, he said, "so out of every 100 children are suffering from tuberculosis" while 40 per cent. of children in France, Belgium and Holland were infected.

Conditions were progressively worse as one travelled eastward across Europe with children suffering with tuberculosis, rickets and extreme malnutrition.

GOVERNMENT HAS ANNOUNCED RELEASE OF CEILING PRICES ON SEVERAL COMMODITIES

OTTAWA. The Dominion government in the words of military strategists is "trying according to plan" from the present ceiling prices of several commodities and its retreat will effect the public's pocketbook. Immediate effect will be felt by the housewife when she will pay four cents more for a pound of butter.

Pork has also gone up in price one to four cents, molasses will be permitted to rise in price by four cents a quart and certain types of lard and tallow will be allowed to climb 16 to 25 per cent.

All of these price increases will mean the shopper must dig deeper into his or her wallet. But while making these concessions the government is fighting hard to hold down the lid on prices generally, and in that policy it has the support of the C.C.F. party in the house of commons.

The Progressive Conservatives are championing for the party's leader, John Bracken, terms the "decontrol" of Canadian production. The Dominion Progressive Conservative Association at its annual meeting here over the weekend went on record as "opposed in principle to continuation of wartime wage and price ceilings and restrictive controls."

Government spokesmen point out the wholesale lifting of all controls would result in prices shooting sky high because of shortages of goods. A terrific pressure for increased wages would follow into the golden signal of inflation. "Imagine what would happen to rents if we remove the controls when people are willing to pay anything for a place of their own in which to live," said a spokesman.

While the announcement of raised price ceilings for certain commodities followed on heels of vigorous attacks in the house by the Progressive Conservatives, the government's move is quite in line with its often repeated promise to relax controls as speedily as possible and in all possible directions. The government returned from the levels of ceiling prices in effect during the winter has been considered inevitable by observers here.

It had been predicted there would be higher ceilings for farm implements. The latest announcements stated emphatically that no price adjustment in farm machinery will be permitted at this time.

PROSPECTS GOOD

RUSKINS. Are Planning For Extremely Large Crop This Year

MOSCOW. — The Soviet Union, taking full advantage of an early spring in her great grain-producing areas to the south, is aiming at an ambitious planting schedule which may result in an extremely large crop.

It is too early to talk of wheat production this year, but first indications point to the possibility of the biggest yield since before the war.

Reports from the Ukraine and Kishinev, the bread baskets of the USSR, indicate tremendous activity among collective and state farms, with many demobilized soldiers in the front ranks of the field gangs.

FOREGO CLAIMS

Swiss Not Demanding Payment For Goods Delivered To Germany

WASHINGTON. — Switzerland has given up all claims to reimbursement for materials worth \$250,000,000 which she delivered to Germany during the war, Allied officials disclosed.

This information came to light as Swiss and Allied (American-British-French) authorities continued discussions about disposing of several hundred million dollars' worth of German assets in Switzerland.

Officials said Dr. Walter Stucki, chief of the Swiss delegation announced at a recent meeting his country would waive claims against Germany for the \$250,000,000 owed under a wartime trade pact known as the Swiss-German clearing agreement.

Next officials pointed out however that Swiss claims against Germany outside the clearing agreement total about \$750,000,000.

Thus far, the Swiss have held that under international law they cannot turn over German holdings in Switzerland to the Allies. They have contended that instead, they should take over the German assets themselves to satisfy Swiss claims against the Reich.

WILL BE TRIED

Russia Hands Over Former Governor Of Manchuria To China

CHUNGKING. — Russia agreed to release to China, Henry Pu-Yi, former puppet governor of Manchuria, as this country's vice minister of foreign affairs reported the recently tense Sino-Soviet situation had "eased."

Information minister K. C. Wu said the Russians had agreed to give up Pu-Yi after protracted negotiations. It is generally assumed that the former Japanese puppet will be tried as a war criminal. The Russians captured Pu-Yi after they entered Manchuria.

JUST A PRECAUTION

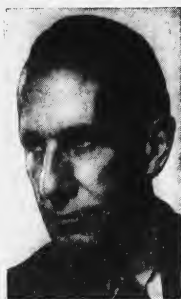

Infantry Units Were In Bahamas To Guard Against Invasion

NASSAU, Bahamas. — As the last Canadian Army infantry unit in the Bahamas prepared to leave for home, sources here said Canadian troops were stationed in the islands during the war to guard against a possible German invasion from West Africa.

They added that the Dominion forces, first brought here early in 1942, also were posted in the Bahamas to guard against the possibility of an attempt to kidnap the Duke of Windsor, then governor of the islands, might be made by German U-boats.

OUTLOOK BRIGHT

LONDON. Ont. Canada's government-owned synthetic rubber plant at Sarnia, Ont., faces a bright outlook in expert business. F. R. Rowse, a director of the company, Polymer Corp., said. He said synthetic rubber was no longer a substitute, but was able to stand on its own feet as a valuable raw material.

MINISTER WILL RETIRE—Hon. Vincent Massey, Canadian high commissioner to London since 1935, will retire in May, it has been announced. Mr. Massey was Canadian minister to Washington in 1926, marking establishment of the first Canadian legation abroad.

AID TO FIREMEN

LONDON. London firemen are experimenting with "walkie-talkie" sets to facilitate efforts in combatting fires. Each fireman is equipped with bug-fitting earphones and microphone and receives orders from platoon captains who patrol the area.

Gasoline credit cards for aviators that will be honored all over the world are being planned.

POLICE REMOVE ANTI-CHURCH DEMONSTRATORS—Anti-Church demonstrators held placards aloft at city hall in New York when the wartime prime minister of Great Britain was given a warm welcome at the municipal building. Many booed and hissed him, although more cheered his arrival. Police removed some demonstrators from the scene, fearing an outbreak of trouble. C.I.O. council of Greater New York placed 2,400 pickets around the Waldorf-Astoria hotel, where Churchill spoke. Here he enters the municipal building.

IRAN, where recent disturbances occurred, has an army of 100,000 men. Here are two of the bandages.

SHOW DECREASE

Farm Mortgage Debts In Western Provinces Reduced In 1945

TORONTO.—Farm mortgage debts in the three prairie provinces were reduced by 26 per cent. in 1945, it was shown in a report issued by the Dominion Mortgage and Investments Association here.

The estimate was based on reports of 30 life insurance, trust and loan companies. During 1945 the amount owed by prairie farmers to these companies on farm mortgages and agreements for sale was reduced \$66,000,000, a drop of \$23,000,000.

Payments of mortgage principal and interest actually were lower than in 1944 but the percentage paid on the total amount owing was greater than in any previous year with the exception of 1944.

The report said that Manitoba farmers reduced the amount owing to these companies from \$13,000,000 to \$9,700,000; in Saskatchewan the total was reduced from \$37,200,000 to \$22,200,000, and in Alberta from \$10,000,000 to \$13,700,000.

The report showed a total of 26,751 farmers in debt to these companies at the end of 1945, compared with 33,060 in 1944 and 54,422 at the end of 1937, when a total amount of \$168,600,000 was owed.

CITIZENS GRATEFUL

Three officers of the 4th Indian Division have received the freedom of Verria, western Macedonia. Citizens of the town expressed their gratitude for the work of Indian and British troops at the ceremony.

FEDERAL EXPENDITURES FOR COMING FISCAL YEAR WILL BE SUBSTANTIALLY REDUCED

WAR SURPLUSES

Armed Forces To Provide Inventories Of Goods On Hand

OTTAWA. — The common War Expenditure committee instructed its steering unit to arrange for the armed forces to provide the committee immediately with inventories of war surpluses in hand. The forces also will be asked to give estimates as to how much of the materials in their stockpiles they needed and to explain "tardiness" in transferring surpluses to the War Assets Corporation.

Tom Reid, Liberal member for New Westminster, said there was an surplus in central British Columbia which was being used as storage depot for R.C.A.F. furniture being collected throughout the province. He believed some damage might be done to beds and other equipment in trucking them to the central depot. The forces should speed up declaration of surpluses and perhaps avoid loss and possibly damaging truck hauls.

NO DECISION YET

As To Whether Personal Income Tax Will Be Reduced

OTTAWA. — Canadian taxpayers won't know for another six weeks whether there is to be a cut in the personal income tax payable next year.

Like all governments today the Dominion government is faced with pressure from the public for lower taxes and at the same time a demand for increased services, which in turn must mean increased expenditures.

So far as can be learned here no decision has been made as yet on whether or not the personal income tax can be cut and by how much. A very substantial reduction in the personal income tax would almost certainly follow if the nine provinces reach an agreement over the proposals submitted to them by the Dominion at the conference.

Mr. Reid's budget will not be brought down in the house until after the coming conference meetings. Observers here anticipate there will be no sign of the budget until late in May. Not until then will the taxpayer know whether he is to have some relief next year.

RUSSIAN DISCOVERY

Second Magnetic Field Found In Arctic By Specialist

MOSCOW. The newspaper, Evening Moscow, said that a second magnetic field had been discovered in the Arctic by Prof. B. P. Orlov, Soviet magnetic specialist. The field is located on the northern shore of the North American continent, Orlov said.

The Soviet scientist declared that the new discovery, aside from its scientific importance, presents great practical possibilities, including the development of polar flying.

OTTAWA.—Taxpayers of Canada got a welcome bit of news when total estimated Dominion expenditures for the coming fiscal year 1946-47, tabulated in the house by Finance Minister J. L. Isley, showed Canada's planned next year's spending cut almost in half.

In the fiscal year ending March 31, the government estimated expenditures were put at \$1,550,540,645. For the next fiscal year beginning April 1, the government's total planned spending is \$2,769,349,815, a bit over two and three-quarters billions.

That's a cut for the coming year of \$1,881,190,830 compared to last year's reduction of more than \$1,750,000,000. The biggest cut, as might be expected, is in the demobilization of Canada's armed forces.

In the last fiscal year ending March 31, 1946, estimated total expenditure for demobilization and reconversion was \$3,005,000,000.

For the coming fiscal year beginning April 1 next month, the total estimated expenditures for demobilization and reconversion are put at \$1,515,845,949.

That's a reduction of \$2,089,154,051 to be exact.

This decrease in demobilization and reconversion costs of more than \$2,000,000,000 is accomplished in spite of an increase of \$214,000,000 for veterans affairs services for treatment and rehabilitation of veterans of the recent war.

Practically all other services said Mr. Isley's report "show very substantial decreases."

One thing the government has to contend with are the uncontrollable items. Among these the largest, of course, is the huge increase in interest on the public debt.

Interest on the public debt and other debt charges for the coming fiscal year approaches a half billion dollars, \$481,207,000 in exact figures. In the fiscal year 1938-39 just preceding the Second Great War, the corresponding figures on public debt and other debt charges were only \$123,147,000.

Thus the war has loaded on to the shoulders of the taxpayers an annual increase in their debt burden of \$348,000,000 in round figures.

RATIONS HIGHER

Food For Germans In British Zone Slightly Increased

BERLIN. April food rations for German civilians in the British occupation zone will be boosted to 1,043 calories a day, headquarters officials have announced, by increasing slightly the allowances of meat, fish and sugar.

In Hamburg, 13 additional incidents of food looting were reported and an elderly woman was reported to have taken her life because of lack of food. The daily ration in the British zone recently was dropped from 1,200 calories to about 1,000.

NATIONALISTS ASK BRITAIN FOR RETURN OF HONG KONG TO GOVERNMENT OF CHINA

HONG KONG. — Chinese-British tension was on the rise as Chinese ultra-nationalists who are demanding the return of Hong Kong turned their fire on the great airport which the British are building at nearby Pingshan.

Chinese farmers on the site of the new airfield are angrily protesting that the British have no right to make them move, since the land is actually Chinese although leased to Britain in 1898 for 99 years.

Their complaints are echoed by most of the population of Hong Kong, and by Nationalists throughout China who are already awaiting for return to China of the British colony. Some intellectuals charge the new airport will increase China's security.

The Pingshan district is a rural tract adjacent to Hong Kong, approximately eight square miles in area, and inhabited by some 14,000 people, mostly farmers.

Several thousand workers, including a complete wing of the Royal Air Force, are now busy plowing under, grading, leveling and pouring concrete for the 2,000 yard runway which are tentatively scheduled for completion by the end of 1946. The British consider this an ideal site for a modern, international airfield.

Local farmers complain, however, that the British are underpaying them for their crops and land, and are squeezing recalcitrants by cutting off their irrigation water.

The British say they are giving displaced Chinese farmers equivalent tracts of land, which the farmers will in most cases own instead of working as tenants as at present. They say they will compensate the farmers for any losses.

But behind the immediate issues at Pingshan looms the gathering force of Chinese nationalism, which may induce the government to make formal demands for Hong Kong and possibly also Macao, a Portuguese colony.

In recent student demonstrations protesting Russian activities in Manchuria, the cry of "return Hong Kong and Macao" was frequently heard. Even some authoritative British circles believe that Hong Kong, at least, will revert to Chinese sovereignty in the not too distant future.

These British circles suggest a possible compromise under which British administration would be eventually replaced by a joint Chinese-British government. They believe this is the only way Britain can hope to retain a hold on this vital far eastern port in the face of rising world tides of nationalistic feeling.

EASTER RECESS

OTTAWA.—Prime Minister Mackenzie King suggested in the commonsense that parliament might observe an Easter recess from April 17 to April 24.

DISCUSSIONS NOW BEING HELD WITH INDIA'S MANY POLITICAL PARTIES ARE KEENLY WATCHED

LONDON. As the three British state. The members of the latter cabinet ministers—Sir Stafford Crripps, bodies are either elected by the President of the board of trade, Lord Pethick Lawrence, secretary of state for India, and A. V. Alexander, first. The executive council constitutes the central body of the government of India.

The Indian national congress party was founded in 1885 by Allan Octavian Hume, an Englishman and a former Indian civil servant. The largest political party in India, claiming to represent all nationalities irrespective of caste, community or faith, it is predominantly Hindu.

The Muslim League was founded in 1906 and is led by the millionaire Mohammed Ali Jinnah. It claims to be the only body representing Indian Muslims. It has developed the creed of Pakistan, or an independent state in areas where Muslims are in the majority.

The "Untouchables" are men and women outside the Hindu social organization, yet attached to it. They perform the menial tasks of the community. Their leader is university-educated Dr. Bimrao Ambedkar.

The Parsees are a small but influential community living chiefly in Bombay. They came originally from Persia and number approximately 100,000.

The Anglo-Indian (half-caste) community, led by Frank B. Anthony, a lawyer, number approximately 1,000,000.

The Sikhs are members of one of the fighting races of India, which have no caste system. Markedly individualistic, they oppose domination by outside influence.

NOTES AND COMMENTS

HOPES APPEAR TO BE DASHED

Judging from a statement made by our Board of Trade secretary this week the hopes that were held by many motorists in the Pass that Number 3 highway from Pincher to Crows' Nest would be hardsurfaced in 1946 would appear to be in the process of being dashed to pieces.

Mr. Duke states that only maintenance work is contemplated for this section of the highway in 1946, but that the highway is high in the five years' road program of the provincial government. From Pincher Creek comes the information that sections of the road are to be resurfaced.

Since certain statements were alleged to have been made in 1945 that the road would be hardsurfaced it is our opinion that in order to find out just what is contemplated for this particular stretch of road a meeting of the highways committees of Coleman and Pincher Creek Boards of Trade and the Southern Trans-Canada Highway Association along with two officials of the Public Works Department and Mr. Duke be held and the subject thoroughly discussed and thus eliminate so much rumor and guess work in regard to the highway.

NEED BICYCLE RACK AT SCHOOLS

As the fine weather draws closer more and more students are cycling to school. They park their machines haphazardly on both sides of the street alongside the school and daily machines are to be seen lying sprawled on the sidewalk.

A bicycle rack that can accommodate thirty to fifty machines will not cost a great deal and is urgently needed. There is no need for machines lying all over the place and pedestrians walking around them. Machines in a rack look neat and certain it is that the centre of Second street would look much neater.

FUND TO BE RAISED TO FIGHT CANCER

Despite all the medical research and money devoted to developing a cure for cancer, the fight is not yet won. That dread affliction is responsible for around thirteen per cent of the deaths in this country. Good progress has been made in the successful treatment of it in the early stages by the establishment of clinics for the treatment of cases, but they are far too few.

To raise more funds for the carrying on of a more intensive anti-cancer campaign of research and education on the necessity of medical consultation once its presence is suspected, the Canadian Cancer Society is launching a na-

THE CALGARY HIGHLANDERS

The World's Champion Piper, Pipe Major Neil Sutherland who won his title at the Depot of Highland Regiments in Perth Scotland, while he was serving overseas with the Calgary Highlanders, will be one of the feature attractions when the renowned Calgary Highlanders hold their first Annual Reunion in the Legion hall on August 31st.

Colonel J. Fred Scott, Lt-Col Ross Ellis and Lt-Col Dalton Heyland, who commanded the unit at different times between 1939 and 1946, in an interview at Calgary, stated, that officers and other ranks Highlanders Associations had recently been formed, and it was the committee's intention to arrange Annual Reunions to maintain the splendid fellowship which was developed overseas and to promote the welfare of all Calgary Highlanders.

It is expected that more than 600 former Highlanders from all parts of Western Canada will attend the Reunion and Smoker, Major Clarke, Reunion Chairman, has set up Committee Offices at Room 58, The Armoury, Calgary, and is undertaking to mail invitations to all former members who write to him at that address.

MEN PROMISED MORE SHIRTS

Further steps tightening up directives to manufacturers of men's and boys' shirts have been taken by the Prices Board to help alleviate the shortages of these gar-

tion-wide drive this month. It is hoped to raise \$2,000,000 for the work, and of this amount Alberta's share is \$35,000.

One of the objectives of the fund is to amplify the chain of cancer clinics across the Dominion. In this province there are only two—in Calgary and Edmonton. At these clinics, operated by the provincial department of health, diagnosis and early treatment are free. There should be more of them because of the successful results obtained here and elsewhere.

Part of the fund will be devoted to meeting the cost of a still more intensive research into the cause of the affliction and to find a cure. Cancer, almost alone of diseases, has so far defied all efforts to solve the mystery of its beginning and growth and to discover an effective cure in the advanced stages. Citizens should require little urging to support this undertaking.

SERVICES RENDERED BY CHARTERED BANKS MUCH BETTER UNDERSTOOD

(Bowmanville Statesman)

In this week's issue of The Statesman appears the first advertisement in the new 1946 institutional advertising campaign put before the public in behalf of the Chartered Banks. It is now getting on ten years since the Chartered Banks instituted a Public Relations Department, and during eight or nine of those ten years the banks appear to have acted upon the sound assumption that the best way to hold the proud place they occupy in this nation's economy is by means of an informed public opinion. Each year a strong advertising campaign has been carried on by the bankers in which not only the daily newspaper is used, but in which the unique influence of the weekly newspaper is fully recognized. These advertisements deal with the services that banks perform so well under our system of free enterprise, and appear in a very wide range of weekly newspapers.

It is a fact that at least the vast population served by the weekly newspapers have become much better informed about the banking system through these advertisements over the last eight to nine years. Ill-informed criticism of the banks which formerly was very widespread has diminished to a degree which is little short of spectacular. Popular understanding is much more manifest. We think it is due to the intelligence with which the bankers have approached their problem and the skill with which the facts about banking have been presented in these advertising campaigns. The new campaign will be welcomed by the public. It looks like a telling piece of work.

ments, the board announces.

Increased supplies of fabrics are being made available to shirt manufacturers out of quotas received from the United States. Directives to manufacturers prohibit them from using shirting material for any garment other than men's shirts. The Board has also directed that manufacturers may not hold more than one month's production of shirts in inventory. Although these measures are expected to alleviate the situation, the Board warns that it will take several weeks before results are apparent in the retail stores.

CANNING SUGAR DUE IN MAY

First half of the 10-pound allotment of sugar for canning is due in May, according to the ration administration of the Prices Board. Sugar-preserves coupons \$8 to \$12 inclusive will be valid on May 2 for the purchase of five pounds of sugar for canning. On July 4 sugar-preserves coupons \$17 to \$21 inclusive will be declared valid for the purchase of the last five pounds of sugar for home preserving purposes.

Sugar-preserves coupons for canning purposes will be valid in addition to two regular S coupons valid monthly during May, June and July, the Prices Board states.

People shop where they are invited—that's why it pays to advertise.

Fernie Dickson's Wings Given To Parents

Operational wings won by Sgt. Alexander Fernie Dickson, 26, who was killed in Belgium in 1941, have been received from Ottawa by his parents, Mr. and Mrs. George Dickson, 1705 Beach Ave., Vancouver, B.C. Sgt. Dickson, rear gunner, who enlisted in Vancouver in 1940, was attached to the RAF.

The Ottawa letter reads:

"Dear Mrs. Dickson:

It is a privilege to have the opportunity of sending you the operational wings and certificate in recognition of the gallant services rendered by your son, Sergeant A. F. Dickson.

I realize there is little which may be said or done to lessen your sorrow, but it is my hope that these "Wings" indicative of operations against the enemy, will be a treasured memento of a young life offered on the altar of freedom in defense of home and country."

Ft.-Lt. Howard B. "Eddie" Carro, of Kent, pilot of the plane in which Sgt. Dickson lost his life, wrote to Mrs. Dickson describing her son as a "fearless gunner." Ft.-Lt. Carroll, himself, was killed during a flight last December and will be buried alongside Sgt. Dickson in a Belgium airfield, two miles from St. Tronds.

Ed's Note: Mr. and Mrs. Dickson resided for many years in Coleman and their son, Fernie, and daughter, Mrs. Robert Bell, of Second street west, attended the local schools. Fernie accompanied his parents when they left Coleman to go into business at the west coast.

The Churches

ST. ALBAN'S CHURCH

Rev. W. E. Brown, Rector
Daily offices:
Mornings 9 a.m. Evensong 7.30 p.m.
Friday:
Choir practice 3 p.m.
Lenten service 7.30 p.m.
The fifth Sunday in Lent;
Young people's service 2 p.m.
Holy baptism (by app't) 3 p.m.

Service of dedication 7 p.m. All church members and friends are asked to come to this most important service.

ST. PAUL'S UNITED CHURCH

Sunday, April 7:
Morning worship 11 a.m. Rev. Irwin guest speaker. At the close of this service the Sacrament of the Lord's Supper will be observed.
12:15: The regular session of the Sunday school.

A special meeting of the Official Board will be held immediately following the morning service.

On Good Friday, April 19, the Blairmore United church choir will render their Easter Cantata, "From Olivet to Calvary," in St. Paul's United church, Coleman.

GOOD FRIDAY CANTATA AT UNITED CHURCH

Under the auspices of the Women's Missionary Society, the Blairmore United church choir will present the Cantata, "From Olivet to Calvary," by Maunders, at the St. Paul's United church in Coleman on Good Friday evening, April 19, at 8 p.m.

This is sure to be a treat for the music lovers of Coleman, and all are cordially invited to attend. An offering in aid of the WMS funds will be taken during the evening. Let's give our WMS and the Blairmore choir our wholehearted support and be at the United church on Good Friday evening to hear this inspiring Easter music.

LOCAL NEWS

Miss Helen Dibble spent last weekend in Lethbridge.

Mrs. Harry Holmes recently visited at Calgary.

Miss Hazel Davis was a recent Lethbridge visitor.

Mrs. Annie McLean was a recent Lethbridge visitor.

Mr. Jack Booth, of Vancouver, is the guest of Mr. and Mrs. S. B. Ryan.

Mrs. Jack Richards is visiting her daughter, Mrs. Howard Davies, in Calgary.

Mr. Jim Kerr was a Calgary business visitor during the early part of the week.

Miss Marion Bambling, of Lethbridge, spent the week end the guest of her parents.

Miss Bozek, RN, of the local hospital, planned on leaving this week for a vacation at Victoria, B.C.

Iandy Thorner is spending his leave here with his wife. He plans to return to his base on Sunday.

Mr. and Mrs. John Ramsay received a cable from their daughter, May, this morning informing them that she had just arrived safely in Australia on the "Monterey".

—V—

HONORED

On Friday afternoon the committee of the local Red Cross met at the home of Mrs. T. B. Smith to bid farewell to two of their members, Mrs. J. Kellock and Mrs. W. E. Brown, who are leaving town in the near future.

Both ladies have been very faithful and efficient workers and will be greatly missed in the community. Their fellow workers presented them with small gifts as a little token of appreciation and wished them success and happiness in their new homes. Both ladies made suitable replies and stated they had been very happy working for the Red Cross.

Festival Winner To Compete In Alberta Drama Festival

By tomorrow night the winner of the Coleman Lions Drama Festival will be chosen. Of the five plays being presented four are entries from the Crow's Nest Pass and one from Cardston.

Because of popular demand the four Crow's Nest Pass plays will be presented again on Monday, April 8th, so that those interested may review the plays and those unable to attend on previous evenings may have the opportunity of seeing them.

As the festival this year is one of the Alberta Drama League Festivals the winning play will not only receive the Lions Shield but it will also be sent to Calgary to compete for the honor of being Alberta's representative at the Western Canada Drama Festival in Winnipeg this year.

Of these Alberta Drama League Festivals two have already been held. In Calgary the play "John Doe" by a Calgary drama group was chosen as the winning play while at Lethbridge the Cardston entry "To Die With a Smile" won the highest marks. Coleman audiences will remember "To Die With a Smile" which won the Lion's Shield here last year. Mr. Sidney Risk is adjudicating all of these festivals.

The theatre going public here in Coleman will be interested to know that "The first International Drama Festival" will be held at Victoria, B.C., from August 5th to August 10th next, the Pacific Drama Conference following this Festival on August 12th and 13th; It is hoped that casts representing The U.S.A., Russia, China, Holland, Belgium, Czechoslovakia, Poland, Norway, Greece, Denmark, Iceland, as well as units of the British Commonwealth, may be able to present one-act plays. It is also hoped that a good showing will be made by our own native Indians. This is a very ambitious program, and is sponsored by The British Columbia Drama Association, Inc., whose president is Major L. Bullock-Webster, Director of Community Drama for B. C.

FIFTH ENGLISH BRIDE ARRIVES IN COLEMAN
Coleman's fifth English bride has arrived here. She is Mrs. Jasper Jones, nee Miss Phyllis Sloman, of Basingstoke, Hants, England.

They were married at Basingstoke on July 21, 1945. She arrived in Coleman on Thursday morning and was met by Jasper. They have purchased the Fred Weier residence on Fifth street.

Four Drama Plays To Be Staged Monday Evening

The Extra Night Will Give Persons Unable To Secure Seats Thursday and Friday Evenings An Opportunity To Witness Plays.

All reserve seat tickets had been purchased late Tuesday for both of the Coleman Lions Drama Festival to be held tonight and Friday evening. Many more tickets could have been sold as would-be purchasers still clamor for tickets.

In order to satisfy those persons who wish to review the plays or who were unable to secure tickets for this week's performances the festival committee has arranged with the artists to re-enact the plays on Monday evening, April 8, at 8 p.m. The only exception will be the Cardston club, time and expense in staying over in town for three extra days making it too heavy a financial burden. However, the Bellevue, Blairmore and two Coleman clubs will be on hand for Monday evening.

There will be no reserve tickets for Monday, the ticket sale being made at the box office of the Community hall on or about 7:15 p.m.

Form Committee To Set Up Fund For Memorial

Plan On Placing It In Memorial Park Next To Legion.

A number of young veterans have formed themselves into a committee and have as their objective the erecting of a suitable memorial in honor of the Coleman boys who failed to return.

It is planned to campaign for funds in near future. Last Thursday evening a meeting was held in the Legion Club to determine what form the memorial was to take and material to be used. Once all information has been secured and the cost estimated the drive will be set underway.

—V—

HONORED

The Bridge Club met at the home of Mrs. Tom Flynn on Wednesday evening of last week to say goodbye to one of its members, Mrs. James Kellock, who, with her husband, departed from Coleman at the week end. The ladies presented Mrs. Kellock with a handsome picture of Crow's Nest Mountain and wished her success and happiness in her new home. The honored guest thanked the members for their gift and good wishes.

—V—

WORKER CASUALTIES HEAVY IN ALBERTA
During 1945 there was a casualty every eight minutes each working day, with a fatality every 37 hours.

MRS. HOPE GILL WELCOMED TO COLEMAN
Mrs. (Dr.) Hope Gill was pleasantly surprised at her home on Thursday, March 28, when about thirty five ladies called to welcome her to Coleman. Games were enjoyed by all. Then a very dainty luncheon was served by the hostesses.

Meedames S. Krzywy, V. Brown, J. Kostelnik, G. Evans and H. Hubert. Following luncheon Mrs. Kostelnik, on behalf of the gathering, presented the honored guest with a number of beautiful gifts. Mrs. Hope Gill very graciously thanked the ladies for their kindness and best wishes.

WORLD HAPPENINGS
BRIEFLY TOLD

Jet propelled airliners, designed to cross the Atlantic in five hours at an altitude of 40,000 feet, are being built in Britain.

Switzerland and Russia have re-established diplomatic relations after a 22-year-long break, the Swiss political department said.

Senator A. D. McRae of Vancouver predicts that before long the price of gold will be increased beyond the present \$35 an ounce.

A six-foot plaster cast of the Venus de Milo was auctioned in London for £2 (\$9) at a sale of art treasures belonging to the late Lady Millicent.

Three British sergeant-majors were among more than 1,000 applicants for a job as announcer in the BBC. One wrote: "I can make my voice heard anywhere."

Dan F. L. Woods of the college of pharmacy at the University of Saskatchewan, has been appointed head of the new department of pharmacy at the University of British Columbia.

A Nazi warcraft movement organizer who instructed Frankfurt youths in sabotage against the Americans, has been arrested and sentenced to seven years in prison by United States authorities.

Astronomers at Mount Wilson observatory have succeeded in measuring the distance to a nebula in the constellation of Bootes, and find it to be 1,200,000,000,000,000,000 miles away.

Maritime Workers Federation officials said the French Colonial Purchasing agency is looking for shipyards in Canada to build steel launches, tug boats and steel barges in pre-fabricated sections.

GARDEN
NOTES

Try Something New

Most of us are too conservative about vegetable and flower varieties. There are many new offerings in today's seed catalogues, vegetables and flowers developed or vastly improved during the war.

For years we have been content to know a very limited variety—beans, carrots, peas, lettuce and potatoes—and even covering the complete range in too many gardens.

This is a great mistake as scores of vegetables can be grown to perfection anywhere in Canada and, in addition, there are usually several different varieties of each. In recent decades there has been some improvement but the average garden is still limited.

In addition to the standard kinds noted above, there are many others that should be included such as spinach, Swiss chard, peppers, turnips, parsnips, onions, broad beans, kohlrabi, red cabbage, mink and water melons, broccoli, endive, cress, parsley, head lettuce, brussels sprouts, celery, chinese cabbage, some of the white sweet corn, as well as the bean, soy beans, etc.

Another point too often overlooked is the introduction of improved varieties. Some of the old standbys of ten years ago are completely overshadowed by earlier, smoother, handier sorts. By choosing carefully from a good Canadian seed catalogue one can create a vegetable garden that will not only have much more variety than was possible a generation ago but one that will yield higher quality and over a much longer period.

Green Stuff

There is such a thing as keeping a garden too trim and neat, say the authorities, that is, pulling out every weed and bit of grass and getting rid of these via the garbage pail or a bonfire. The proper way to dispose of such material is to dig it under, where it rots down and becomes incorporated with the soil, adding plant food and moisture-absorbing humus.

Flooding or digging in the spring and turning all such refuse under is the proper method. This plowing or digging is also important on its own account. Too much emphasis cannot be laid on preliminary cultivation, either in the vegetable or flower garden. It is much easier to destroy weed growth and especially persistent things like twitch grass and sow thistle by cultivating thoroughly before seeds are sown. Much back-breaking labor in weeding can be saved later on and the mechanical condition of the soil will be improved.

First In

Just as soon as the soil is fit to work, one can and should start a few rows of the hardiest vegetables. In this way the garden will pay maximum returns, as with a bit of luck radishes, lettuce, spinach, beets and carrots if sown at the earliest possible moment, will be ready for eating weeks ahead of those planted later.

BIG BUTTON BUSINESS

One of the biggest industrial concerns in Cyprus is a button factory at Larnaca which produces 1,000,000 buttons a day. Employing 1,000 people, the factory now is making its buttons of dom nuts, but hopes to begin production of mother of pearl buttons in the near future.

It is customary to think of sheep with wool and goats with hair, but the bighorn sheep has hair, and the mountain goat has an undercoat of the world's finest wool. 2666

ARMY EDUCATION SERVICES. Busiest department at army camps these days as soldiers prepare to return to civilian life is the Army Education Services. Soldiers have plenty of opportunity to gather useful technical knowledge and improve their education while waiting discharge. Pictured here are some of the activities at Dundurn Camp. Upper left—Standing before the camp education office, which also houses a well-stocked library, are Capt. C. A. Hopkins (right) Toronto and Saskatoon, camp education officer, and his assistants, Lieut. A. M. Macaulay, Vancouver (centre) and Lieut. Doug. Minor, Regina.

Upper right—From a picture on a calendar this model house was being built. Left is Pte. W. Roberts, Dawson Creek, B.C., and right, Cpl. W. B. Olson, Camrose, Alta., instructor.

Lower left A class of soldiers taking correspondence courses in various subjects. Some will go on to University.

Lower right—Pte. Harold Skelton, left, Ratner, gets assistance on a correspondence course in bookkeeping from Staff-Sgt. Charles F. Scott, Regina and Calgary.

Greeted With Cheers

Northern Ireland Gave Rousing Welcome To Princess Elizabeth. Princess Elizabeth took a 200-mile drive through the heart of Ulster after launching the giant British aircraft carrier Eagle at Belfast recently.

The youthful Princess, who was making her first trip outside of England and Scotland unaccompanied by members of the Royal Family, set out from Government House, Hillsboro, Down County. She drove with her uncle and aunt, Lord and Lady Granville, over a route which took her through four of Northern Ireland's six counties—down, Armagh, Tyrone and Fermanagh.

Everywhere in the little towns and villages, at the gates of farmhouses and cottages, Ulster men, women and children welcomed her with cheers. The Princess, who wore a coat of dull grey with a hat to match, waved and smiled to the crowds. In Portadown and at Dungannon there were especially enthusiastic scenes. The Princess went into the girls' school at Dungannon and after taking a cup of coffee heard the school girls sing to her "come back to Ulster, dear Princess."

As the royal car drove by the side of the River Ban, girls left their work in the linen bleaching establishments and ran out to greet her. The Princess saw the apple orchards of Armagh and the peat bogs with the Irish fuel piled up and she was entertained at lunch at the town hall.

Two Great Men

Names Of Churchill And Eisenhower Will Be Down In History

The splendid tribute which General Eisenhower paid to Mr. Churchill at Richmond, Va., illustrated Eisenhower no less than Churchill.

These two very great men of the English-speaking world share an admiration for each other which is worthy of their characters and achievements.

And what a great pair they are! Churchill, not embarrassed by his unimpeachable defeat in his home land, continues uncomplainingly to speak on world affairs with all the clarity, force and brilliancy which distinguished his utterances while he was the leader of the British Empire during the war.

Eisenhower, a great military commander whom it was the marvelous good fortune of the Allies to have when such a leader was needed, has shown himself to be an even greater man than soldier. His modesty, generosity and powerful intelligence shine in all he says.

These two, who in the war did so greatly, are doing as greatly now to promote the friendship between British and American peoples which is vital if this old world is to get to any good in the future.—Ottawa Journal.

GAVE HIM IDEA

While helping a woman lift a heavy vessel from a well, William Would have noticed a piece of broken crock floating on the water. Tying with the crock, he was surprised to see it right itself, time after time. This gave him the idea for a self-righting lifeboat.

If a person learned the names of 25 new insects each day, it would take him more than 60 years to memorize all those which scientists have described and catalogued.

Special Spider-Webs

Are Provided By London Firm For Land Surveying Instruments

One of the few firms in Britain where spiders are welcome guests is that of F. Barker and Son, "Sun-Dial" House, Clerkenwell Road, London. Complying with the necessity for assisting the peoples of many lands to grow more food, this firm is responding to orders for extremely fine instruments needed for immediate land surveying.

In order to provide the necessary materials for some of these instruments, spiders' webs have to be spun to measure. Spiders are taken to the firm by a member of the staff and placed in special, long, narrow boxes. They are handled in such a way that the spiders are ejected to provide webs of the correct strength. Horses' hair is also used in another land surveying instrument that is in great demand. During World War II, this firm has been employed in providing fine military instruments and the workshops at the back of the premises are as busy as they were during the war years.

SHOULD KNOW CANADA

Dean J. P. Duncanson, head of the school of education at the University of Michigan in Ann Arbor, said in an interview that it was "highly desirable" that United States residents become better acquainted with Canadian history and geography.

Good For Morale

Putting On Dress Clothes Gives A Person Million Dollar Feeling

A writer in The Scene, a monthly paper published at Shingwauk Farm, Muskoka, remarks that "one of the worst horrors of peace has returned—dress clothes, banished in wartime as an impediment to victory, are back to hamper happiness."

We do not agree that dress clothes are one of the horrors of peace. True, they show an occasional trouble with a reluctant shirt, a tie that persists in going askew for the evening to a dinner or a dance, nothing spruces him up so much and lifts his morale as to put on dress clothes. It gives him a nice, clean-cut refreshing aspect that raises his spirits, stimulates his conversational powers, and gives him that million dollar feeling that not even a new business suit can confer. It is a sure remedy for the blues.

There are English civil servants administering remote areas, far from the nearest white man and still further from what they would call civilization, who dine in solitary state with a black man waiting upon them, and who only retain their sanity by putting on a "tux" for dinner in the evening, because it represents to them a visible link with the outside world and home.—St. Thomas Times-Journal.

REG'LAR FELLERS—Inviting Trouble

FILLED GREAT NEED

Canadian Service Men Took Full Advantage Of Craft Shops

"Craft shops in the R.C.A.F. and Army have not only served to interest men in a hobby which later became their livelihood, but I have seen fellows repairing their false teeth, their boots, and their cameras in some of our Craft Shops." The speaker was Supervisor R. D. (Bob) Wallace, a former English teacher at Brantford Collegiate in Toronto, and now Y.M.C.A. Crafts Adviser with the Canadian Army Occupation Force in Aurich, Germany.

Setting up craft shops in old horse-stables, jails and garages, as well as in well-lighted and well-equipped shops, has been Bob's task since he was bitten by the craft bug at Taylor Station's Camp Almek in Ontario's Algonquin Park in 1938. Since joining the Y.M.C.A. War Services as a supervisor in 1942 Bob has established a trail of successful craft shops from Camp Borden, Petawawa, Kingston, Barriefield (the largest craft shop in Canada), the R.C.A.F. station at Rockliffe, over to Borden and the Canadian Reinforcement Units area, in England, in early 1945, and then to Germany early this year.

The interest in arts and crafts which has made this possible stems largely from a changed policy towards crafts, wherein the devotee now pays for his materials and makes what he likes, says Wallace. Shadow toolboxes, a friendly atmosphere, and increased use of power tools are important factors, he adds. "In this age of machinery handicrafts have been redefined, and now they are the expression of the individual in a machine age, accounting for the great use of power tools."

The crafts program in England reached such proportions in late 1945 that a Central Supply depot was set up in Farnborough, Hampshire, to handle the various requirements of the 60 shops operating in the Canadian Reinforcement area and serving well over 6,000 men.

Outstanding among all the thousands of articles made by men attending craft shops in the Army and R.C.A.F. was the model steam engine, produced in the Barriefield shop. Ornamental cedar chests, radio sets, ladies' handbags, braced copper ash trays, bows and arrows, and ornamental picture frames among the most unnumbered articles. Supervisor Wallace has seen produced in the craft shops.

"Craft shops have filled a great need among service personnel, and many have gone back to civvy street determined to make room in their homes and their lives for a craft which will make their lives happier and themselves better men," he concluded.

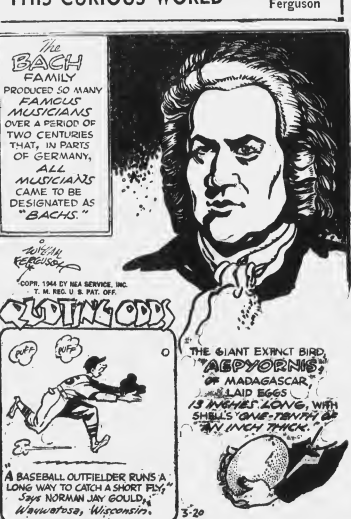

VALUABLE STAMPS

Three stamps issued by the A.C.C. Club of Canada in 1918 for use on mail carried by air between Toronto and Ottawa, brought (225 (\$1,012) at an auction in London. The stamps showed a Zeppelin crashing in flames after being attacked by a fighter plane.

OUR COMPLETE SHORT STORY—

HITLER TAKES A RIDE

By MAURICE A. HARPER

Copyright
Wheeler Newspaper Syndicate

SUDDENLY I heard a scream. I went out for a walk. I had left my underground castle by the Black Forest of Germany and had thirty guards with me. I really didn't need them for I was perfectly capable of taking care of myself. But they might come in handy.

Hearing the scream, I looked around. The flash of my guards had unexpectedly disintegrated. I then saw a small space vessel land before me. It was not a rocket ship, but worked on the principle of magnetism from other planets to pull it, and the repelling force of the earth's magnetism.

A rather ghoulish looking man got out of it, you would call it a man. He had a sort of scale in some places instead of skin, he had no hair, and he wore armor over his chest.

Approaching me, he commanded, "Come with me!"

Imagine him ordering me around like that! Me! Adolf Hitler!

"I won't!" I argued.

He answered by paralyzing me with a ray tube.

When I came to I was in a space vessel. It was larger than the one that had landed before me and dis-

integrated my guards. We were telling about four Gs. There were quite a few other ghoul men in the ship. I asked one, the driver who had first spoken to me, where he was taking me.

"We have taken you because we think you can help us conquer the world. You will become our ruler, partner. You will be given the United States and we'll keep the rest," he grinned.

I was amused and disgusted that they were telling me how to conquer the world. But I decided to listen to their plan.

I would allow them to think I would accept only the United States. I could take the rest of the world when the time came.

The ghoul explained, "We will spray this invisible gas, which you saw used on your guards, over the earth. Order your men to go in underground chambers and seal themselves in, so the gas won't hurt them."

It seemed to me quite unnecessary that I should listen to the ghoul telling me how to do it, when I had already thought of the plan a little while before.

I asked, "Where are we going?" They replied, "We are taking you to the Moon, where we will manufacture a great amount of gas to use on the earth, then we shall return."

I decided to let them go through with their plans, as less trouble for me. I could get the whole earth without them. My men were few now and I was losing a few battles, of course I would soon remedy that.

We landed at Moomar. Moomar is the moon that goes around Mars. It is similar to the earth's moon except that it has a queer type of vegetation like coral and has at atmosphere.

They took me to their laboratory. It was in a big city. The people there were just like the men in the space vessel.

The laboratory was a long low building. The Moomar man treated me with little respect. I would punish them if it later.

I tripped them and fell against one of the machines, throwing the switch. My mind went blank.

When I came to I was hunk in the big space vessel heading for earth. The big guard driver who had escorted me from earth to Moomar grinned and winked at me. He was sitting in the seat beside me. "What has happened?" I asked, finding I was strapped down to the seat.

"In the lab," he answered, "you said it was inhuman, what we are going to do, and you tried to destroy the machines. So we took you prisoner. We need human bodies to make this gas. We will use yours."

I was surprised at such a thing. Why, all of the plan to conquer the world was my idea! Why? I was disgusted at the idea. Imagine me being so foolish as to say a silly thing like that. "I turned to the pilot. 'You are crazy!' I told him.

I had worked the strap loose, and now I tried to escape from the space vessel. In my haste I fell out the door.

I suppose then I died. Moomar men could not get my body in time, as it was caught by a passing meteorite and borne away. While I was on Moomar I had wrecked a machine that unlocked the gas on Moomar and so I destroyed the people, my pilot told me. Only these space vessels escaped. "We have machinery here to make gas," he had said. "We will use your body!" This remark I could not of course allow to pass unchastised. In the space vessel I had seen some machinery which controlled the ship and the ones following it. As I fell out of the door I grabbed the lever and pulled it. Thus I destroyed all the space vessels from Moomar.

I destroyed my foolish allies, the Moomars, because if I could not take the earth nobody else would.

I write you earth people this because I think you might like to know how close you came to being destroyed. I laugh when I think how my great idea came so close to annihilating you.

I believe it must have been somebody else who said it was inhuman, here in the laboratory. I would never have done such a ridiculous thing.

Sincerely yours,
ADOLF HITLER.

Residence: Deep Region of Hell.

LEADERSHIP STRESSED

Anthony Eden Frazes Viscount Alexander For His Italian Campaign

Field Marshal Viscount Alexander, Canada's Governor-General designate, "brilliantly expressed" the highest gifts of leadership and diplomacy in the Italian campaign, Anthony Eden, former foreign secretary, said in the British House of Commons.

Too little had been said of the consulting stages of the campaign in Italy, although they were deserving of the highest tribute, said the acting Conservative leader during debate on the army estimates. Seldom if ever in history had there been contingents from so many nationalities and creeds as made up the forces which Viscount Alexander led to victory.

To weld such an army into a victorious unit when calls were made on it for other theatres, required the highest gifts of leadership and diplomacy and every soldier under Viscount Alexander's command—he was commander of ground forces in Italy and later Supreme Allied Commander in the Mediterranean theatre—would agree he brilliantly expressed those gifts, Mr. Eden said.

"It often forgotten that the campaign in Italy was fought under conditions of extreme physical discomfort and I do not care how many posters our Italian friends may cover our boardings with, within years to come they will not easily persuade the British public to go to sunny Italy in wintertime."

Unrest Unnecessary

If Nations Of The World Would Stop Bluffing

Unrest in the world today can be attributed to international bluffing, Rear Admiral H. C. Rawlings of the Royal Navy told the annual reunion of the Toronto branch of the Naval Officers Association.

Rear Admiral Rawlings, commander of Atlantic convoys for two years of the last war, declared: "With a strong America and a strong British Empire, if we are going to have a show-down let's have it now. If North America and the British Empire have faith in each other's purposes, hope in each other's future and charity to each other's shortcomings, then they can go forward into the future in dignity, freedom and peace."

Admiral Rawlings paid glowing tribute to the men of the Canadian Navy who guarded the lifelines to Britain. "If the RCN and the RN stick together in the future as they have done in the past, I don't think we'll have anything to worry about," he said.

OBEYED INSTRUCTIONS

Mrs. Longham, giving instructions to her new servant, said: "Before removing the soup plates, Ellen always ask each person if he or she would like any more."

"Very good, madam," the next day, Ellen, respectfully bowing to one of the guests, enquired: "Would the gentleman like some more soup?"

"Yes, please," was the reply.

"Well," said Ellen, "there isn't any left."

SURE OF DIRECTION

Moslem Leader Carries Compass To Indicate Where East Lies

As a precaution against Britain's rainy, cloud-filled skies, the Emir Abdullah of Transjordan carried a compass at his belt when he arrived in London to discuss the treaty which will give his country independence.

According to the Daily Mail, which quotes the Emir's secretary, Abdul Munem Rifai, the Moslem leader, carries the compass so that, whether the sun is visible or not, he will always be sure where the east lies.

Four times during the flight from Palestine to England, the Emir referred to his compass to turn toward Mecca for his prayers.

The oldest sport in America is lacrosse, played by the Indians as far back as the 17th century.

ADVANCE IN SURGERY

Doctors Able To Use Electric Knife In Chest Operations

A combination of anaesthetics which for the first time permits surgeons to use the electric knife in chest operations was announced by Dr. Phyllis Harroun and Dr. F. E. Becker of the University of California Medical School.

The combination consists of nitrous oxide or laughing gas commonly used in tooth extractions, and curare, a powerful poison originally utilized by South American Indians to make their arrow-tips more deadly.

Reporting in *Anaesthesia*, a medical journal, Dr. Harroun and Dr. Becker explained that the laughing gas puts the patient to sleep and the curare paralyzes the breathing muscles, which must be immobilized during chest surgery.

Even more important, neither curare nor nitrous oxide are explosive. That eliminates the danger that the tiny sparks from the electric knife will cause an explosion in the lungs of the patient.

Make This Yourself

By ANNE ADAMS

Teen-ager's triumph! Yes, Pattern 4832 is so easy to make that a young beginner herself can do it. AND it's terribly smart, with its adorable front-drawstring neckline.

Pattern 4832 comes in teen-age sizes 10, 12, 14 and 16. Size 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100, 102, 104, 106, 108, 110, 112, 114, 116, 118, 120, 122, 124, 126, 128, 130, 132, 134, 136, 138, 140, 142, 144, 146, 148, 150, 152, 154, 156, 158, 160, 162, 164, 166, 168, 170, 172, 174, 176, 178, 180, 182, 184, 186, LOCAL NEWS

Mrs. Norman Smith and daughter, Norma, have returned to Coleman following a visit with friends at Lethbridge.

Mayor Frank Abousaefy returned home Monday evening from Wetskiwin, where he had visited a brother who is quite ill.

Mrs. T. M. Brown left for her home at Spring Point on Tuesday, following a week's holiday with her daughter, Mrs. T. Holstead.

Mr. and Mrs. E. Sniot and Mr. and Mrs. J. Guerard, of Pincher Creek, were the guests of Mr. and Mrs. W. E. Read last week.

The Journal acknowledges with thanks a renewal subscription received during the week from Mrs. W. R. Burrows, of Fanny Bay, B.C.

Mrs. Foss Boulton, of Ottawa, is the guest of Mr. and Mrs. Harry Boulton. She arrived in Lethbridge Monday via TCA and was met by Mrs. Boulton.

Mr. and Mrs. John John Morris, nee Mary Roughhead, and young son, of Vancouver, are the guests of Mrs. Morris' parents, Mr. and Mrs. Wm. Roughhead.

Mrs. Daisy Houghton and granddaughter have returned home after spending the winter months at Halifax where they were the guests of the former's son Harry and Mrs. Houghton.

Mrs. James Glendenning underwent an operation in a Calgary hospital this week. Mr. Glendenning travelled to Calgary at the week end and will remain in the city for a few days.

E. F. Gare, who at one time was in charge of the Coleman Journal, has just disposed of the Trochu Tribune, which he has operated for ten and a half years, to C. C. Stewart and son, of Wakaw, Sask.

Mr. Norman Smith, of Vancouver, arrived here on Tuesday morning to join his wife and young daughter who have been the guests of Mrs. Smith's mother, Mrs. Jack Derbyshire, for the past several weeks.

Mr. and Mrs. William Borrowes and baby were guests of the former's parents, Mr. and Mrs. Wm. Borrowes sr. On Friday "Bill" left for Montreal where he is employed. Mrs. Borrowes and baby are remaining here for a holiday and plan on joining Bill in the eastern metropolis as soon as housing accommodation is secured.

Mrs. Margareta L. LeRoy left for Penticton, B.C. last Friday to resume duty as assistant matron at the hospital there, which she vacated to join the RCAMC for overseas service. She has spent the past three months with her parents, Mr. and Mrs. H. T. Halliwell. Mrs. R. R. Pattinson and daughter visited Macleod on Wednesday last to bid Mrs. LeRoy good-bye.

Mr. Jonathan Atkinson jr., of Vancouver, is spending a vacation with his parents, Mr. and Mrs. J. Atkinson.

Mr. and Mrs. C. Lynn and daughter, of Crawford Bay, B.C., were the recent guests of Mrs. Jack Derbyshire.
